Dear Country Village Families and Friends,

Way to go Country Commons! Commemorating 15 year of Caring for those with Alzheimer's Disease and Related Dementias!

Caring for people with dementia in a small, intimate home-like setting at The Country Commons became a reality for Lyn Dorenzo, owner of The Country House, the sister assisted living home, fifteen years ago this month.

The Country Commons commemorated their 15th Anniversary on Friday November 18th with TGIF cocktails and appetizers. Country Village has built an established, well-earned reputation in the community for providing seniors with exceptional high level of care in a warm loving family style setting.

Dorenzo saw the need for such a home as she cared for "those aging-in-place" at The Country House and who developed Alzheimer's disease or other Dementias. Family members desperately wanted a home-like setting which was secured so that they would have the peace of mind knowing their loved one could not wander away and be lost. Thank you Lyn for offering families a safe and loving home! We also thank all of our friends, families, staff and community for coming out to celebrate with us. We couldn't do it without you!
